

HR Knowledge's Managed Payroll Service Manages More than Just Payroll

The challenges of managing a workforce continue to grow daily. Payroll is an essential part of any company, but a costly one in terms of resources. By partnering with ADP, HR Knowledge offers you the advantage of combined knowledge, expertise and advanced technology to bring you better ways of meeting those challenges. As leaders in our respective fields, we have earned a distinguished reputation of providing accurate payroll processing that is efficient and secure.

Managing payroll is a time consuming and complicated process. Investing in the right technology and expert partner makes all the difference.

Our Managed Payroll Processing service is achieved with our concierge-level client service paired with a dedicated Client Account

Manager (CAM). Concierge-level client service is one of the key hallmarks that has enabled HR Knowledge to be a leader in our market sector. Each client is provided with a knowledgeable Client Account Manager that will consistently ensure your payroll is processed timely and accurately every time.

By partnering with HR Knowledge using our integrated solution to manage the Human Resource Information System (HRIS) and payroll functions, we guarantee to improve efficiencies, reduce operating costs, and minimize legal risk. You can rely on us to provide the best-in-class payroll solution to keep your business moving forward.

We manage your payroll – you focus on essential strategic objectives to grow your business.
